

MINGA

Your All-in-One Campus Management Platform is Finally Here

Built for Modern K12 Schools

Minga works seamlessly across a robust set of modules that focus on Safety & Security, Student Behavior & PBIS, Communication & Engagement, and Campus Operations.

Build a Thriving School Community that Runs Like Clockwork

Welcome to your one-stop shop for revolutionizing all school administration beyond the classroom.

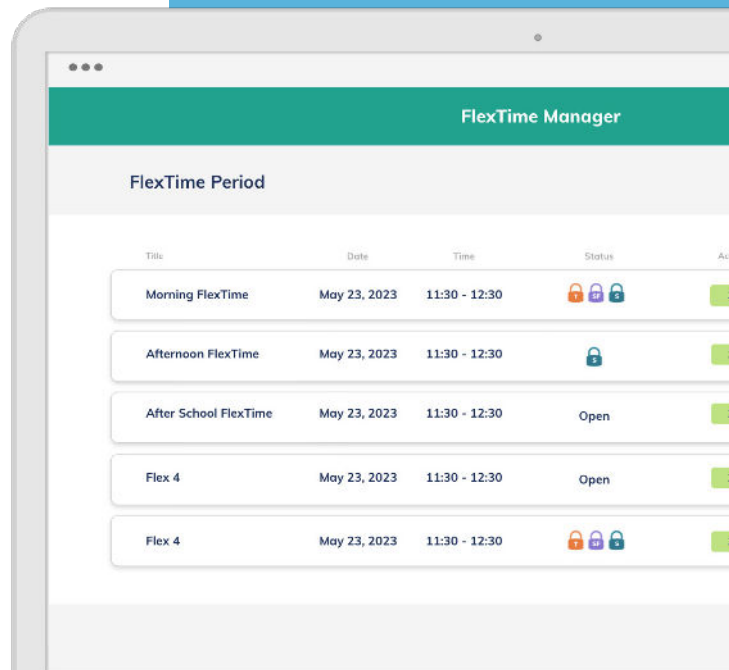

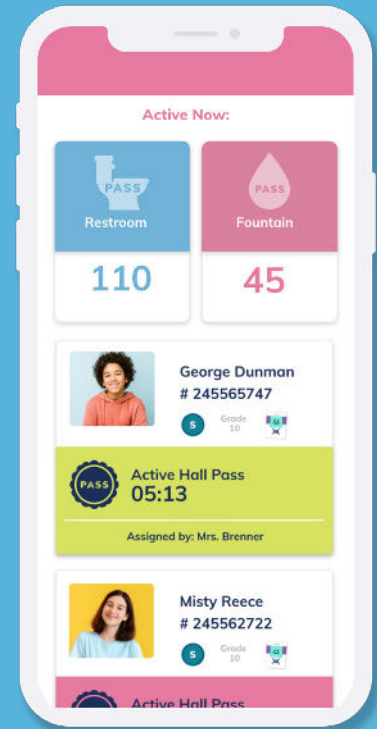

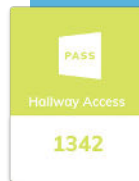

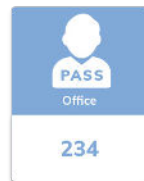

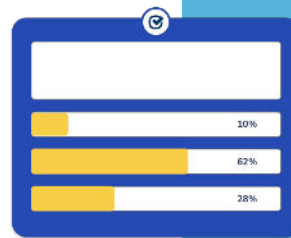

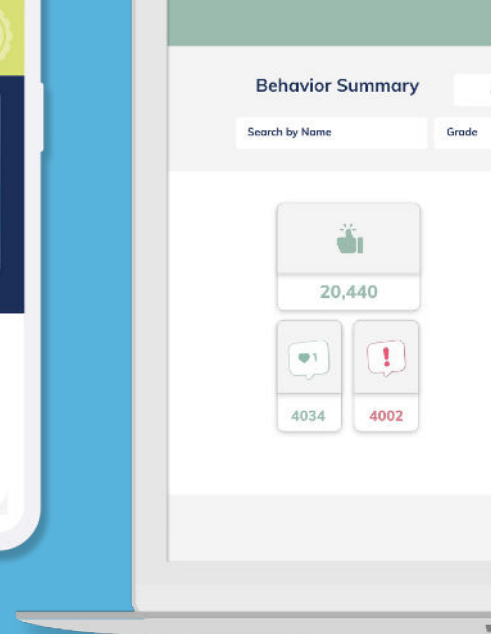

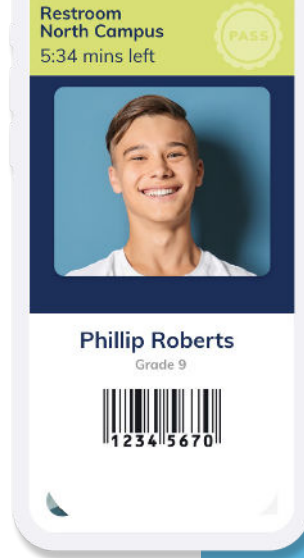

- ✓ Consolidate software solutions to reduce costs
- ✓ Provide effective training and support for software adoption
- ✓ Integrate smoothly with your existing SIS
- ✓ Access comprehensive reports for data-driven decision-making
- ✓ Streamline workflows for increased efficiency
- ✓ Strengthen data security and privacy

A Powerful Platform That Saves Your School Time & Money

Behind-the-scenes school operations have a profound impact on academic success, graduation rates, and overall campus culture. But disparate tools that lack integration create administrative inefficiencies, data discrepancies, and hurdles to building a unified school ecosystem. Address these challenges with Minga's Campus Management Platform, which empowers schools to streamline the entire campus experience.

Foster a climate of safety, accountability, & engagement that skyrockets K12 schools toward excellence.

Safety & Security

Safeguard & Streamline Student Management Both On & Off Campus

Elevate campus security and operational efficiency with a platform that digitizes School IDs, Hall Passes, and Attendance. Minga's seamlessly integrated modules provide a cohesive solution that enhances safety and streamlines daily processes for your entire school community.

STUDENT ID MODULE

A secure and reliable student ID that improves attendance accuracy.

POWERFUL FEATURES

- ✓ No printing or reprinting, ever
- ✓ Exceeds national fraud protection standards
- ✓ Real-time updates for IDs, stickers and badges
- ✓ Integrates with Google and Microsoft and accessible from any device
- ✓ Available even before registration!
